

JOB OPPORTUNITY

Job Opportunity Bulletin: #06-214

Final Filing Date: 06/22/2007 or Until Filled

Position:	Salary:	Location:
District Structural Engineer/ Senior Structural Engineer*	\$7,096 - \$8,626 \$6,766 - \$8,220	Office of Statewide Health Planning & Development Facilities Development Division 1600 Ninth Street, Room 420 Sacramento, CA 95814

General Statement: The incumbent is responsible for the research, development, recommendations, maintenance, adoption, and implementation of administrative regulations and building standards for healthcare facilities in the California Building Standards Code; acts as an expert technical advisor, responding to inquiries on code interpretation and application relating to structural matters; conducts technical oversight review of plans and construction observation work completed by Office of Statewide Health Planning and Development (OSHDP) staff to ensure consistency, quality, and compliance with the California Building Standards Code; and evaluates plan review work for contract assignments to perform review, negotiates with firms, and facilitates awarding of assignments to qualified firms.

Duties:

- Develop, maintain, adopt, and implement administrative and construction regulations for the Alfred E. Alquist Hospital Facilities Seismic Safety Act.
- Provide technical structural engineering oversight review of reviewed plans and construction observation for projects to ensure consistency and quality of review and observation and compliance with the California Building Standards Code.
- Develops performance qualification criteria for contracting for structural plan review services.
- Evaluates plan review work for plan review contract assignments to determine the cost to perform review, negotiates with approved firms to meet the estimated cost, and facilitates awarding of assignments to the most qualified firms.
- Observes construction of health care facilities to ensure compliance with required statutes and regulations.

Desirable Qualifications:

- Familiarity with the California Building Standards Code as it relates to the construction of health facilities.
- Demonstrates a commitment to performing duties in a service-oriented manner.
- Communicates well with others and handles sensitive issues with tact and diplomacy.
- Excellent writing and oral communication skills.
- Maintains good work habits, follows established policies, procedures and interpretations.
- Demonstrates a commitment to the Office's and Division's mission, vision and goals.
- Maintains a current, comprehensive working knowledge of State business practices, codes, regulations, policies, interpretations, materials and methods of construction applicable to your specific areas of enforcement.
- Clean driving record. *Must submit an official driving history from the California Department of Motor Vehicles prior to appointment.*
- Demonstrates a commitment to performing work in a confidential manner, when appropriate.

Who May Apply:

Applications will be accepted from individuals currently in the class or who have list, transfer or reinstatement eligibility to the class. Appointment is subject to SROA/surplus policies. Only the most qualified individuals will be selected for an interview.

***Will consider downgrading to Sr. Structural Engineer for recruitment purposes.**
